

Heuristic Evaluation Sheet

Use one sheet per topic in Heuristic Usability Evaluation

Evaluator	<i>E.g. John Smith</i>
Topic	<i>E.g. 2. Match between the system and the real world.</i>
Severity Level	<i>E.g. 3 - This problem is present and should be given high priority.</i>
Issues	
<i>E.g. Participants had major trouble finding buttons on the page while performing Task 2.</i>	
Recommendations	
<i>E.g. Use sounds that are more distinguishable.</i>	

***For Severity, use the values according to the table below**

Severity Level	Description
0	I do not think the system contains this usability problem.
1	This is a cosmetic problem that needs not to be fixed unless time permits.
2	This problem is present but should be given low priority.
3	This problem is present and should be given high priority.
4	It is imperative to fix this problem before continuing the project.
